Extension of School Meals at No Cost for All Children through June 30, 2021

Bedford County Public Schools will continue to provide meals at **no charge** to children 18 and under through June 30, 2021. The U.S. Department of Agriculture (USDA) has extended the waivers for local school divisions and other federal meal program sponsors to continue the Summer Food Service Program to provide meals to children in the community free of charge through June 30, 2021. The waivers support access to nutritious meals while minimizing exposure to COVID-19.

The new school year requires a new meal application. Although school meals will be provided free to all children, school funding depends on completed meal applications. A new meal application must be completed if you have not already been notified that your student is approved for free meals. It is important to submit a completed meal application as soon as possible.

- **Only one meal application is needed for each household.**
- **Applications are available online at bedford.sharpschool.net**

Meals are available to all children including those learning in-person or virtually and regardless of race, color, national origin, sex, age or disability.

For information regarding meal distribution, visit our website at bedford.sharpschool.net and look for School Nutrition Program Meal Service Updates.
